The perfect start, starts here.

Golf ball washers are a quintessential golf course accessory and have been a part of golf's history for over 100 years. Our Master and Deluxe ball washers have graced courses worldwide for nearly 70 years. Not only are they the most iconic ball washers in golf, but they are also practical, expected by golfers, help with pace of play and provide golf courses the lowest total cost of ownership. **Did you know**, that on average, golf courses spend 0.09% of their monthly labor attending to Par Aide ball washers on the course. With such low labor costs, coupled with the benefits provided to golfers, it's clear that golf ball washers have an important role in day-to-day golf course operations.

Use with the Golf Hole Ring Cup Setter to easily install the ring when setting the cup. Sold in sets of 18.

COURSE MARKINGS

FusionCast® CAST METAL SIGNS & TEE MARKERS

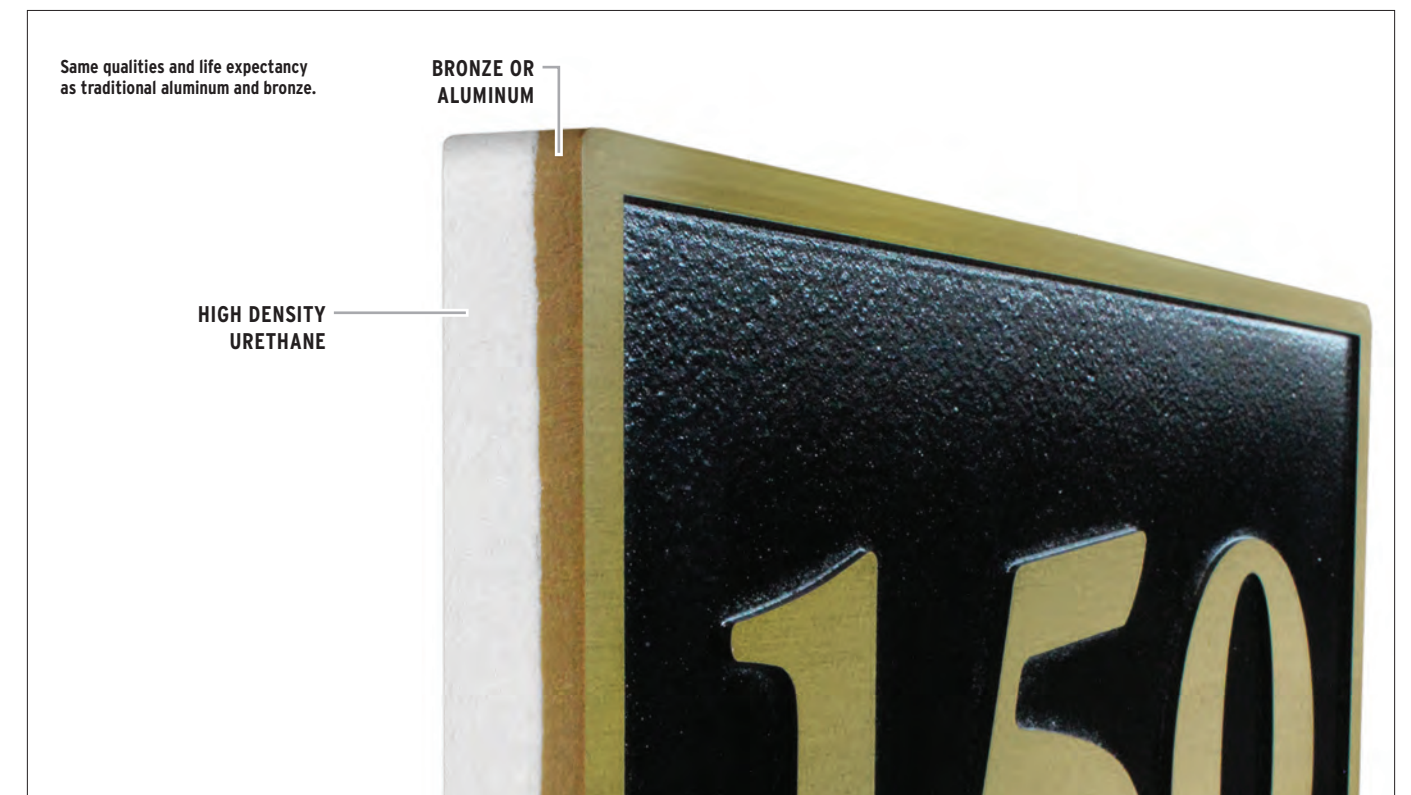

The ultimate sign of quality.

Nothing helps elevate the perception of course status more than cast metal course signage. But the prohibitive cost of foundry-produced cast signage can be out-of-bounds for most. Now with Par Aide's line of FusionCast signage, aluminum or bronze metal signs, plaques and markers are within reach.

Our FusionCast signage uses a patented technology that fuses metal with high density urethane (HDU), resulting in dimensional plaques and markers that look, feel and perform like foundry-poured signs, but without the excessive weight and high production costs.

This unique cold-casting technology also lets us create highly detailed customized signs. Emblazon your brand onto tee markers and plaques, in-ground tee and fairway yardage plaques, cart path pyramids, sponsor signs, facility wayfinding signs and tee signs. Every FusionCast sign is available in aluminum or bronze and adds an elegance that enhances the brand of your facility.

Par Aide FusionCast markers and signs are available in a range of stock template shapes, sizes and mounting configurations. Best of all, our FusionCast signs are proven to perform exceptionally in the harshest climates, providing the richness and rugged durability you expect from high-quality metal signage.

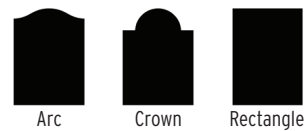

FusionCast® TEE SIGNS

Our tee signs are the perfect way to enhance the branding of your course on each tee box. These products are completely customizable to the detailed specifications of your course creating endless possibilities including:

ACCUFORM™ ACCUSEED

The Accuform AccuSeed is the perfect spot seeding tool. The specially designed stainless steel spring loaded spikes puncture the turf 3/16 in. deep while dropping bent grass seed precisely into the holes, allowing for ideal seed to soil contact. Grass seed is easily filled into the black housing and is only released when the spring-loaded head compresses. There is minimal impact to the surface, due to the flat surface of the seed housing, which causes little disruption to play. 43 in. tall (109 cm)
