Expertise from the World Stage Delivered to Every Event

Tacit supports many of the world's leading tournaments – including events on the DP World Tour, the Ladies European Tour, The Open Championship, The Players Championship and the Ryder Cup – supplying the equipment and presentation standards these stages demand.

That same expertise underpins our work at regional events and corporate golf days, where our branded products, signage, displays and operational items help organisers create a consistent, professional experience for players and guests.

Tacit are proud to supply the above tournaments and events.

Indoor Branding

Indoor branding sets the stage for your event. From tablecloths and runners to banners and brochure stands, Tacit provides professional, high-quality finishes that bring your brand to life. Whether it's a registration area, prize table or welcome zone, our solutions ensure your sponsors and guests are greeted with a polished, professional presentation.

Embroidered and Easy Print finishing options available to suit your clubs design or branding.

Outdoor Branding

Outdoor branding is key to transforming your event space into a professional, cohesive environment. Our range of banners, frames and café barriers deliver durability and clarity in any weather. Designed for quick setup and transport, these displays offer strong visibility for sponsors while blending seamlessly into the course surroundings.

Flags

Flags remain a core element of any golf event, providing instant visibility and a clear sense of identity on the course. Tacit produces durable, high-quality flags built to handle variable conditions while keeping colours sharp. Each flag can be fully branded, giving you a consistent, professional look across practice areas, tee boxes and key event locations.

“*Simply the best logo
flags on the market!*”

According to John Reilly at
The Resort at Longboat Key Club.

Materials

Tacit's materials are selected for their superior strength, UV stability and finish. Designed to handle tournament conditions, each option ensures your flags remain crisp, bright and dependable — from the first tee to the final green.

NYLON

- Uncoated 122gsm material, ideal for embroidery and sharp screen printing.
- Features a 4x stitched leading edge for enhanced durability.
- Highest UV stabilisation available and treated for fungal/bacteria growth, ensuring longevity.

KNITTED POLYESTER

- Boasts good colour fastness and a 4x stitched leading edge.
- Dye sublimated for vibrant long lasting designs.
- Also in heavier Tex version with finer weave for sharper images.
- Ideal for memento and souvenir flags.

RE-KIT

- Made from 100% recycled material.
- Designed with optimised finishes and compatible inks to ensure a high-quality result.
- Completely PVC-free and available at no additional cost, supporting greener golf initiatives without compromising practicality.

Finishes

Choose from embroidery, screen print or easy print processes, each producing sharp, professional results that stand up to the elements. Combined with premium materials, our flags are built to maintain their impact season after season.

EASY PRINT/DYE SUBLIMATION

- Offers any colour, any image, with bright, vivid colours and sharp logos.
- Double-sided for maximum visibility.

EMBROIDERY

- Double-sided, with high-quality threads for vivid colours.
- Satin thread available for high UV stability.

SCREEN PRINT

- Traditional hand crafted process which layers coloured ink for vibrant and durable designs.
- UV stable and double sided.

Flag Styles

Different areas of the course call for different flag styles, each chosen for its visibility and purpose. We offer a range of shapes suited to greens, practice zones and club facilities, giving you clear options that match the setting. Every style is designed to present your branding cleanly and perform reliably in its environment.

“Durable, reliable, and eye-catching – Tacit are always my go-to for feather flags.”

Caddies Corner

Caddie bibs and accessories from Tacit combine comfort, durability and smart branding opportunities. Designed for functionality and a professional look, each garment can include logos, player names or event sponsors. With multiple fabric and fitting options, Tacit ensures your team looks organised and event-ready from start to finish.

A close-up photograph of a blue mesh caddie bib. The bib features white text and graphics. At the top, there is a stylized white logo consisting of three vertical lines with curved tops. Below this, the words "LOUGH" and "ERNE" are printed in a large, white, serif font, stacked vertically. The bib has two white straps crossing over the front.

Championship Caddie Bib

Includes Velcro for name patch and two pockets with the option to add a logo or number to the pockets.

Plain tabard with logo and/or number.

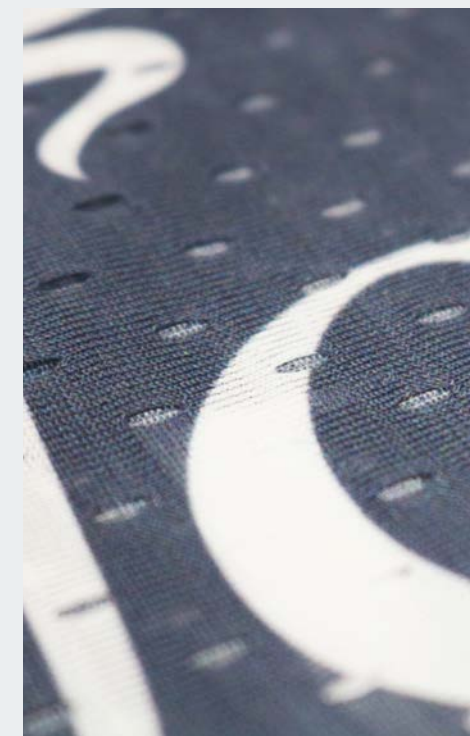

CODE 0747

SIZE 480mm x 700mm

FABRIC SPOTLIGHT

Air Mesh

Air mesh fabric offers a strong mix of structure, breathability and comfort, making it ideal for caddie bibs. Its open weave keeps the garment cool during long days on the course, while the durable layered construction gives it resilience without adding weight. This helps Tacit deliver a professional product that feels light and performs well in demanding conditions.

Created for Comfort

Tacit offers a broad selection of fabrics and finishes for caddie bibs, allowing clubs to choose the feel and performance that suits their event. Lightweight options support comfort during long days on course, while heavier woven materials offer added structure for a polished appearance. Finishing choices such as reinforced stitching, tailored edging and print ready panels ensure each bib holds its shape and presents graphics with clarity. These options give organisers confidence that every garment will stand up to repeated use while still delivering a clean and professional look.

Our Work

Tacit has built its reputation on the quiet precision of its workmanship. Every product passes through skilled hands that understand both the materials and the demands of the course.

Close inspection reveals careful stitching, clean edges, measured tension, and exact finishes that come from long standing experience rather than automated shortcuts. These finer details do not exist for appearance alone; they ensure strength, consistency, and a standard of reliability that has shaped Tacit's standing in the game. Each item leaves our workshop only when it meets the level of quality we have upheld for many years.

Screen Printed Flags

Every design starts with an idea

Hand crafted precision

Flag Stitching

More than Golf

Tacit's embroidery and fabric production facilities extend far beyond golf. The same precision and quality that go into course flags are applied to major sporting events across Europe, from the Autumn Rugby Internationals at Twickenham to the official flag sets for the UEFA Super Cup Final. Whether it's bespoke flags, embroidered elements or other fabric-based branding, Tacit delivers consistently high standards for organisations that demand flawless presentation.

Every product that leaves Tacit reflects this commitment to craftsmanship and reliability. When you choose Tacit, you're choosing equipment built to perform, last, and present your event at its best.
